Vision 1250: The Widerview Conference '95. THE NECESSITY TO PROMOTE 16/9 IN EUROPE Brussels, December 1995

"The second WIDERVIEW CONFERENCE '95 was organised on December 6th in Brussels by Vision 1250 with the European Union of Platforms for Advanced Television and Systems and under the Patronage of the European Commission. 290 participants from all over Europe met for a briefing and debate on the situation facing the 16/9 market and the necessary conditions for its development.

[...] In parallel to the Conference, there was exhibition space presenting the services and equipment available for production in 16/9 or Digital HD VIDEO and the latest large screen TV sets and surround sound."
